**Contest Guidelines**
1. Two presentations are required: a visual presentation and an oral presentation.
2. Preferably, entries will be created in a design software package such as Adobe Illustrator, Photoshop, or Freehand. Entries may also be hand-drawn, painted, or rendered in colored pencils or markers. Note: Entries might not be returned and determined by the technical committee chair.
3. All entries must be rendered in color. Your presentation must include the preferred printing method: four color process or digital full color.

4. Artwork submission is 8.5” x 11” The artwork should be a comprehensive design and be displayed as a “proof”; a professional impression of the final design. Entries must be submitted to the technical committee chair at orientation. Failure to do so will result in a penalty determined by the official scorecard.

5. State competition designs cannot be changed for national competition submission. There is no opportunity to “tweak” the design after it has been submitted at the contest orientation meeting.

6. The design will include key recognizable aspects that best represent the competitor’s state.

7. The following text must appear on the T-shirt design: “SkillsUSA [State Name]”, and the current year of the national competition.

12. The T-shirt designer must specify the color of the shirt the artwork is intended to be printed onto.

13. In addition to the T-shirt background color, the designer may use up to four colors in his or her artwork. These colors are “spot colors” and may not be blended or shaded.

14. Students will participate in an interview during the oral presentation of the contest. They should be prepared to discuss the overall process and how they came up with their design and color scheme.
