Scope of the Contest
To recognize students for their successful development of a professional portfolio and to evaluate the ability of an individual to present himself or herself to an employer using effective communication skills.

Knowledge Performance
The contest will include a Resume, Portfolio, and Video Presentation. See NYS SkillsUSA Virtual Technical Standards for competencies measured.

Resume
Since the resume is part of the notebook a separate resume does not need to be submitted.

Notebook
- The knowledge performance portion of this contest is the creation of a professional portfolio with title page, table of contents and six required sections in specific order. See Technical Standards for specific requirements. NOTE: the SkillsUSA binder is not required as the Notebook will be digital. However, the winner may be required to present their notebook at Nationals using the required binder so it would be a good idea to have it.

Video Presentation
The contest includes a pre-recorded presentation by the contestant designed to evaluate their ability to present himself or herself to an employer using effective communication skills. The presentation should include the key topics provided in the written submission.

To create the presentation, the contestant can use any multimedia presentation without edits. Once completed, upload the file to a link that will be provided by April 1st.
