What's a "TECHSPO"

It's a combination of the words technical and exposition. This particular show is New York's largest exposition of career and technical education. *New York SkillsUSA TECHSPO* reaches an audience of more than 2,500 students, teachers and school administrators from training programs in technical, skilled and service occupations Statewide. *New York SkillsUSA TECHSPO* 2027 runs April 28-30, 2027 at the New York State Fair Grounds in Syracuse, NY.

More exposure than ever before!

All exhibits will be on the competition floor. Put your products in the hands of teachers and students who will share them with their peers in schools and colleges in 62 counties and NYC statewide. You will meet key decision-makers in career-and-technical school-to-work education as well as leaders from business and industry.
